I know of the risks involved in athletic participation, understand that serious injury, including the potential for a concussion, and even death, is possible in such participation, and choose to accept such risks. I voluntarily accept any and all responsibility for my own safety and welfare while participating in athletics, with full understanding of the risks involved. Should I be 18 years of age or older, or should I be emancipated from my parent(s)/guardian(s), I hereby release and hold harmless my school, the schools against which it competes, the school district, the contest officials and FHSAA of any and all responsibility and liability for any injury or claim resulting from such athletic participation and agree to take no legal action against FHSAA because of any accident or mishap involving my athletic participation. I hereby authorize the use or disclosure of my individually identifiable health information should treatment for illness or injury become necessary. I hereby grant to FHSAA the right to review all records relevant to my athletic eligibility including, but not limited to, my records relating to enrollment and attendance, academic standing, age, discipline, finances, residence and physical fitness. Consent and Release from Liability Certificate for Concussions (Page 2 of 4)

This completed form must be kept on file by the school. This form is valid for 365 calendar days from the date of the most recent signature.

School: _____ School District (if applicable): _____

Concussion Information

Concussion is a brain injury. Concussions, as well as all other head injuries, are serious. They can be caused by a bump, a twist of the head, sudden deceleration or acceleration, a blow or jolt to the head, or by a blow to another part of the body with force transmitted to the head. You can't see a concussion, and more than 90% of all concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. All concussions are potentially serious and, if not managed properly, may result in complications including brain damage and, in rare cases, even death. Even a "ding" or a bump on the head can be serious. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, your child should be immediately removed from play, evaluated by a medical professional and cleared by a medical doctor.

Signs and Symptoms of a Concussion:

Concussion symptoms may appear immediately after the injury or can take several days to appear. Studies have shown that it takes on average 10-14 days or longer for symptoms to resolve and, in rare cases or if the athlete has sustained multiple concussions, the symptoms can be prolonged. Signs and symptoms of concussion can include: (not all-inclusive)

- Vacant stare or seeing stars
- Lack of awareness of surroundings
- Emotions out of proportion to circumstances (inappropriate crying or anger)
- Headache or persistent headache, nausea, vomiting
- Altered vision
- Sensitivity to light or noise
- Delayed verbal and motor responses
- Disorientation, slurred or incoherent speech
- Dizziness, including light-headedness, vertigo (spinning) or loss of equilibrium (being off balance or swimming sensation)
- Decreased coordination, reaction time
- Confusion and inability to focus attention
- Memory loss
- Sudden change in academic performance or drop in grades
- Irritability, depression, anxiety, sleep disturbances, easy fatigability
- In rare cases, loss of consciousness

DANGERS if your child continues to play with a concussion or returns too soon:

Athletes with signs and symptoms of concussion should be removed from activity (play or practice) immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to sustaining another concussion. Athletes who sustain a second concussion before the symptoms of the first concussion have resolved and the brain has had a chance to heal are at risk for prolonged concussion symptoms, permanent disability and even death (called "Second Impact Syndrome" where the brain swells uncontrollably). There is also evidence that multiple concussions can lead to long-term symptoms, including early dementia.

Steps to take if you suspect your child has suffered a concussion:

Any athlete suspected of suffering a concussion should be removed from the activity immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without written medical clearance from an appropriate health-care professional (AHCP). In Florida, an appropriate health-care professional (AHCP) is defined as either a licensed physician (MD, as per Chapter 458, Florida Statutes), a licensed osteopathic physician (DO, as per Chapter 459, Florida Statutes). Close observation of the athlete should continue for several hours. You should also seek medical care and inform your child's coach if you think that your child may have a concussion. Remember, it's better to miss one game than to have your life changed forever. When in doubt, sit them out.

Return to play or practice:

Following physician evaluation, the *return to activity process* requires the athlete to be completely symptom free, after which time they would complete a step-wise protocol under the supervision of a licensed athletic trainer, coach or medical professional and then, receive written medical clearance of an AHCP.

For current and up-to-date information on concussions, visit <http://www.cdc.gov/concussioninyouthsports/> or <http://www.seeingstarsfoundation.org>

Statement of Student Athlete Responsibility

Parents and students should be aware of preliminary evidence that suggests repeat concussions, and even hits that do not cause a symptomatic concussion, may lead to abnormal brain changes which can only be seen on autopsy (known as Chronic Traumatic Encephalopathy (CTE)). There have been case reports suggesting the development of Parkinson's-like symptoms, Amyotrophic Lateral Sclerosis (ALS), severe traumatic brain injury, depression, and long term memory issues that may be related to concussion history. Further research on this topic is needed before any conclusions can be drawn.

I acknowledge the annual requirement for my child/ward to view "Concussion in Sports" at www.nfhslearn.com. I accept responsibility for reporting all injuries and illnesses to my parents, team doctor, athletic trainer, or coaches associated with my sport including any signs and symptoms of CONCUSSION. I have read and understand the above information on concussion. I will inform the supervising coach, athletic trainer or team physician immediately if I experience any of these symptoms or witness a teammate with these symptoms. Furthermore, I have been advised of the dangers of participation for myself and that of my child/ward.

Florida High School Athletic Association Consent and Release from Liability Certificate for Sudden Cardiac Arrest and Heat-Related Illness (Page 3 of 4)

This completed form must be kept on file by the school. This form is valid for 365 calendar days from the date of the most recent signature.

School: _____ School District (if applicable): _____

Sudden Cardiac Arrest Information

Sudden cardiac arrest (SCA) is a leading cause of sports-related death. This policy provides procedures for educational requirements of all paid coaches and recommends added training. Sudden cardiac arrest is a condition in which the heart suddenly and unexpectedly stops beating. If this happens, blood stops flowing to the brain and other vital organs. SCA can cause death if it's not treated within minutes.

Symptoms of SCA include, but not limited to: sudden collapse, no pulse, no breathing.

Warning signs associated with SCA include: fainting during exercise or activity, shortness of breath, racing heart rate, dizziness, chest pains, extreme fatigue.

It is strongly recommended that all coaches, whether paid or volunteer, be regularly trained in cardiopulmonary resuscitation (CPR) and the use of an automated external defibrillator (AED). Training is encouraged through agencies that provide hands-on training and offer certificates that include an expiration date. Beginning June 1, 2021, a school employee or volunteer with current training in CPR and the use of an AED must be present at each athletic event during and outside of the school year, including practices, workouts and conditioning sessions.

The AED must be in a clearly marked and publicized location for each athletic contest, practice, workout or conditioning session, including those conducted outside of the school year.

What to do if your student-athlete collapses:

1. Call 911
2. Send for an AED
3. Begin compressions

FHSAA Heat-Related Illnesses Information

People suffer heat-related illness when their bodies cannot properly cool themselves by sweating. Sweating is the body's natural air conditioning, but when a person's body temperature rises rapidly, sweating just isn't enough. Heat-related illnesses can be serious and life threatening. Very high body temperatures may damage the brain or other vital organs, and can cause disability and even death. Heat-related illnesses and deaths are preventable.

Heat Stroke is the most serious heat-related illness. It happens when the body's temperature rises quickly and the body cannot cool down. Heat Stroke can cause permanent disability and death.

Heat Exhaustion is a milder type of heat-related illness. It usually develops after a number of days in high temperature weather and not drinking enough fluids.

Heat Cramps usually affect people who sweat a lot during demanding activity. Sweating reduces the body's salt and moisture and can cause painful cramps, usually in the abdomen, arms, or legs. Heat cramps may also be a symptom of heat exhaustion.

Who's at Risk?

Those at highest risk include the elderly, the very young, people with mental illness and people with chronic diseases. However, even young and healthy individuals can succumb to heat if they participate in demanding physical activities during hot weather. Other conditions that can increase your risk for heat-related illness include obesity, fever, dehydration, poor circulation, sunburn, and prescription drug or alcohol use.

By signing this agreement, I acknowledge the annual requirement for my child/ward to view both the "Sudden Cardiac Arrest" and "Heat Illness Prevention" courses at www.nfhslearn.com. I acknowledge that the information on Sudden Cardiac Arrest and Heat-Related Illness have been read and understood. I have been advised of the dangers of participation for myself and that of my child/ward.

- Verification:** Page 3 will be checked for completeness. **Submission of this form DOES NOT grant eligibility.**

TO: STUDENT-ATHLETE

The school that you have chosen to attend, or participate for as a "Non-Traditional" student, is a member of the Florida High School Athletic Association (FHSAA). The FHSAA has rules that prohibit a member school from making any effort to encourage or entice a student to attend or participate there for athletic purposes. This is called athletic recruiting, and it is not permitted on the high school level. The Florida Legislature, in fact, has directed the FHSAA to "adopt bylaws that specifically prohibit the recruiting of students for athletic purposes." Florida law also regulates the participation in interscholastic athletics by "Non-Traditional" students.

What follows is an explanation of athletic recruiting rules, as well as regulations related to participation by "Non-Traditional" students, and the penalties for violating them. You and your parent(s) or legal guardian(s) must read this document and declare that you were not recruited to attend or participate for the school for athletic purposes and that you are aware of the regulations regarding participation as a "Non-Traditional" student by signing the attached "Affidavit of Compliance". The signed affidavit must be submitted to the member school prior to a date not earlier than the first day of practice of the first sport in which the student wishes to participate, as posted on the FHSAA Website.

Please read this information carefully. Sign the affidavit truthfully and honestly. Do not sign the affidavit if you have any questions about these rules or believe that a violation of these rules may have occurred. Instead, have your school's athletic director contact the FHSAA Office by phone at 352.372.9551 ext. 340 or by e-mail at compliance@fhsaa.org. Violations of these rules and regulations can and do result in severe penalties for the school and the student-athlete. Making an inaccurate statement by signing the affidavit when you know you should not will only make these penalties worse for all involved if violations are later determined to have occurred.

What is athletic recruiting?

Athletic recruiting is any attempt by any employee or athletic department staff member of an FHSAA member school, a representative of the school's athletic interests or a third party to pressure, urge or entice a student who does not currently attend or participate for that school to change his/her attendance or participation there for the purpose of athletic participation. This occurs when the school employee, athletic department staff member or representative of the school's athletic interests makes improper contact with the student or a member of his/her family in an effort to pressure or urge the student to go to that school OR promises, offers or gives the student an impermissible benefit in an effort to entice the student to go to or participate for that school.

Who is "a representative of the school's athletic interests?"

Any person, business or organization that participates in, assists with, and/or promotes a school's athletic program is considered to be a representative of the school's athletic interests. This includes, but is not limited to:

- A student-athlete or other student participant in the athletic program at that school;
- The parents, guardians or other family members of a student-athlete or other student participant in the athletic program at that school;
- Immediate relatives of a coach or other members of the athletic department staff at that school;
- A volunteer with that school's athletic program;
- A member of an athletic booster organization of that school;
- A person, business or organization that makes financial or in-kind contributions to the athletic department or that is otherwise involved in promoting the school's interscholastic athletic program.

What is improper contact with a student who does not attend a school?

Any contact or communication of any kind with a student who does not attend or participate for a particular school, or a member of the student's family, in attempt to pressure, urge or entice the student to change attendance to a different school for athletic reasons is improper. The improper contact can either be in person, through written or electronic means such as letters, flyers, e-mails, text messages, social media or through a third party. Did someone talk you into changing to this school to play athletics? Did someone urge you to change to this school to play athletics? If so, you may have been athletically recruited.

Affidavit of Compliance with the Policies on Athletic Recruiting & Non-Traditional Student Participation

What is an impermissible benefit?

An impermissible benefit is any benefit that is promised, offered or given to a student or a member of his/her family but is not offered or generally made available to all students who apply to or attend or participate for the school. Did someone promise, offer or give you anything more than what any other student who attends or participate for this school is generally promised, offered or given that caused you to decide to change to this school? If so, it probably is an impermissible benefit.

What is a "third party"?

A "third party" is an independent person, business or organization who may or may not be a representative of the school's athletic interests.

What are the penalties for violations of athletic recruiting rules by a member school?

A member school that violates athletic recruiting rules will be assessed one or more of the following penalties:

- A public reprimand;
- A financial penalty;
- Forfeiture of all contests and awards won in which the student who was athletically recruited or received an impermissible benefit participated or contributed;
- One or more forms of probation (administrative, restrictive or suspension) for one or more years;
- Prohibition against participating or coaching in certain competitions, including state playoffs, for one or more years in the sport(s) in which the violation(s) occurred;
- Prohibition against participating in any competitions for one or more years in the sport(s) in which the violation(s) occurred;
- Restricted membership for one or more years during which some or all of the school's membership privileges are restricted or denied;
- Expulsion from membership in the FHSAA.

What are the penalties for a student who is found to have been athletically recruited or receives an impermissible benefit?

A student who is found to have accepted an impermissible benefit will be ineligible for athletic competition for one or more years at the school where the violation occurred, and may be declared ineligible for athletic competition at all FHSAA member schools for one or more years.

What are the regulations regarding the participation of "Non-Traditional" students?

A Non-Traditional student is eligible to participate provided:

- The student meets the same residency requirements as other students in the school at which he/ she participates; and
- The student meets the same standards of acceptance, behavior and performance as required of other students in extracurricular activities; and
- The student registers with the school his/her intent to participate in interscholastic athletic competition as a representative of the school, utilizing the official Association process as approved by the Executive Director, **prior to participation** in the sport(s) in which he/she wishes to participate, as posted on the FHSAA website; and
- The student complies with all FHSAA regulations, including eligibility requirements regarding age and limits of eligibility, and local school regulations during the time of participation; and
- The student provides proof of basic medical insurance coverage and both independently secured catastrophic insurance coverage and liability insurance coverage which names the FHSAA as an insured party in the event the school's insurance provider does not extend coverage to such students; and
- The student provides his/her own transportation to and from the school; and
- The student provides to school authorities all required forms (including, but not limited to, the EL2, EL3 and, where applicable, the EL7, EL7V, EL12, EL12V and EL14) and provisions.

What are the penalties for violations of regulations regarding "Non-Traditional" student by a member school?

Allowing students to participate without properly registering a non-traditional student will subject the school to a monetary penalty.

SMA ATHLETIC PROGRAM EXPECTATIONS & ACADEMIC ELIGIBILITY

We consider parents to be an integral part of the Sarasota Military Academy Athletic Program. Parents have a direct/indirect influence on players, coaches and the program itself. Everyone involved in our program has a responsibility to ensure that their influence promotes important life skills and the development of good character.

ATHLETIC EXPECTATIONS

1. Student First! SMA requires each athlete is in attendance at least ½ day (2 classes) during season to participate in practice or games. Absences needs to be approved through Administration.
2. Promote to your child the avoidance of illegal or unhealthy substances including alcohol, tobacco, drugs, and some over the counter nutritional substances that increase the amount of testosterone in the body. Review the Sarasota County School Board policy for further guidance.
3. Parents should not coach their child while they are on the practice or game field. This is the coach's time with the players.
4. Treat officials with respect. Do not complain or argue calls or decisions during or after an athletic event.
5. ★When any problem arises, use the chain of **communication** which starts with the Head Coach.
6. Playing time is not up for discussion, what the athletes needs to improve upon most certainly is.
7. Other than playing time, if there is a need to talk with a coach, please do not approach the coach after a game. Contact the next day.
8. The player, not the parent is expected to contact the head coach if they are unable to attend a practice or a game due to being very ill or in case of death in the family. If you have a dental or medical appointment, try to schedule it around practices or games.

ACADEMIC ELIGIBILITY POLICY

"STUDENT-ATHLETE" just as stated "Student" is first then "Athlete". The goal of SMA is to assist our student-athletes balance their lives with the privilege of participating in sports and learning life-long skills. Assistance from SMA as well as at home is vital to our cadet's successes. RESPECT – HONOR – INTEGRITY applies to SMA academia for all athletes.

ELIGIBILITY & PROBATION

Juniors & Seniors must have a minimal of a 2.0 GPA to participate. 9th & 10th Graders have until the end of their 10th grade year to post a 2.0 GPA. Sophomores who drop below a 2.0 GPA will be placed on probation and cannot participate in contests/games but are still considered to be on the team & can practice until the end of a grading period where the GPA reaches a 2.0 or better. Any cadet who is participating on an athletic team and is placed on academic probation or deemed academically ineligible will remain ineligible until the end of the evaluation/grading period.

Progress reports will be utilized and at any time the cadet does not improve he/she may be dismissed from the team. Study hall and or academic tutoring will be made available to any student-athlete either by request or to assist in eligibility.
